

Healthcare Fraud is on the Rise

Healthcare fraud is likely to increase through October, when the healthcare exchanges created under the Affordable Care Act open to the public. Many of these scammers are using phone calls or email to conduct their fraudulent activities.

Some things to keep in mind:

- There is no such thing as an Obamacare Card.
- The Affordable Care Act does not involve any fees up front.
- You should never give your Social Security number or date of birth to someone who has solicited you in a phone call you were not expecting to receive.
- The Affordable Care Act does not threaten Medicare benefits. If you are asked to verify your Medicare information by phone, there's a good chance it's a scam.
- When in doubt, don't click on the link in the email or hang up the phone.
- You should never hesitate to call your local insurance agency or Medicare representatives to ask questions.

We're here to answer your questions and point you in the right direction.

Proud to Sponsor a Celebration of National Maritime Day in Belfast – May 18

The Propeller Club of the United States' Searsport/Bucksport Chapter announces the area's first celebration of National Maritime Day, to take place on Saturday, May 18, at Heritage Park in the City of Belfast. The celebration will call attention to our region's rich commercial maritime heritage, and feature

companies and organizations that support growth and safe operations within Penobscot Bay's active seaports.

Planned activities include: USCG Color Guard honoring mariners lost at sea, guided tours aboard commercial and training vessels, boat trips, pilot gig rowing, law enforcement vessels, pilot boats, tug boats, and many other port support vessels. There will be a live tug boat demonstration by Penobscot Bay Tractor Tug Company tug FOURNIER TRACTOR, and a demonstration of the Bangor Fire Department's new fire and rescue boat. Folk live music by the Windbuyer's. Exhibits from 24 + local companies.

History of National Maritime Day

In 1933 the U.S. Congress designated May 22 as National Maritime Day to honor those who serve the nation as merchant mariners. On or about that day, the nation celebrates commercial seafarers for safely and responsibly promoting commerce and for protecting our freedom. The day is also intended to highlight the importance of the industry and our maritime heritage.

Maritime Person of the Year Award

The Propeller Club of Searsport and Bucksport are proud to announce that the recipient of the Club's first Maritime Person of the Year Award for 2013 is Mr. Peter Vigue, Chair and CEO of the Cianbro Corporation. A Maine native, he received a B.S. in Marine Engineering from Maine Maritime Academy. After work in the Merchant Marine, he joined Cianbro in 1970 and soon became a leader in the construction industry. Under the leadership of Mr. Vigue, Cianbro has used Maine's working ports in new and creative ways: they have brought valuable work to the port of Rockland, and overhauled the former Eastern Fine Paper facility in Brewer into a modular fabrication facility. For his influence in improving infrastructure in the region, his appreciation for the strategic significance of Maine's working ports, and his ability to bring jobs and opportunity to the State, we are honoring Mr. Peter Vigue with our award as Maritime Person of the Year.

Background: In 2007, Cianbro started the overhaul of the former Eastern Fine Paper facility in Brewer, turning the former mill site into a modular fabrication facility. The site's location adjacent to the Penobscot River was an especially attractive attribute for Cianbro, as the finished modules could be shipped out by barge. The first shipment was made in March of 2009, marking the first time in decades that manufactured goods had been exported down-river, and established the return of Brewer as a working port. In June of 2010, Cianbro was successful in securing a contract to do overhaul work on a 748' deep-sea drill ship, the STENA FORTH. The project utilized the Port of Rockland as a staging and logistical base to successfully execute this task.
