AFFORDABLE HEALTH COVERAGE FOR MAINE

1 Compare Plans & Get a Cost Estimate

CoverME.gov offers a Plan Compare tool that allows you to quickly get an estimate of financial assistance you may qualify for and see the different coverage options and prices for health insurance plans offered through the Marketplace.

2 Get Ready

When you feel ready to get started, gather these documents to help make the application process easier.

BASIC INFORMATION

Names and dates of birth for each person in your household

HOME MAILING ADDRESS

If someone in your household (those you include on your tax returns) has a different home address, you will need to add that too.

SOCIAL SECURITY NUMBERS (IF APPLICABLE)

If someone in your household (those you include on your tax returns) has a different home address, you will need to add that too.

3 Apply for Coverage

Once you've gathered the information you need to apply, you can create an account and complete your application. If you already had an account on Healthcare.gov, make sure you use the same primary account-holder information when creating your account on CoverME.gov to ensure your account is matched to your existing application information.

4 Shop for a Plan

Select "Shop for Plans" to review plans and choose the one that works best for you and your budget.

5 Pay Your First Month's Premium

For coverage to start, you must pay your first month's premium to your health insurance company before the policy effective date (ex. Jan. 1, 2022). CoverME.gov allows consumers to pay their first month's premium online through the "Pay Now" function.

6 YOU'RE COVERED!

Once you complete all the steps above, you will have successfully enrolled in comprehensive health coverage through CoverME.gov. You will be able to start using your coverage to seek the care you need and have the peace of mind that you are covered!
